Local Physician Authors Article Published in Journal of Clinical Outcomes Management

ROCKFORD, IL January 18, 2012 ... **Sean MacKenzie, MD**, of Rockford Orthopedic Associates, Ltd. authored an article published in the December 2011 issue of JCOM (Journal of Clinical Outcomes Management), titled "*Diagnosis and Treatment of Osteoporotic Fractures of the Spine.*" JCOM is a peer-reviewed journal offering evidence-based, practical information for improving health care quality and is a resource for primary care practitioners and other decision makers in the managed care arena.

In his article, MacKenzie provides a real-world case study to offer guidance on providing evidence-based clinical care for patients presenting with osteoporotic compression fractures of the spine, a common cause of back pain.

As a Physical Medicine and Rehabilitation specialist, Dr. MacKenzie's practice is focused on interventional pain management, electrodiagnostic testing, and spasticity treatments. He is Board-Certified and is a Fellow of the American Association of Physical Medicine & Rehabilitation.

Rockford Orthopedic Associates, Ltd. serves the Northern Illinois region in multi-specialty orthopedics and offers a full range of orthopedic care including the specialties of podiatry, physical medicine and rehabilitation, and rheumatology. Rockford Orthopedic offers the ancillary services of physical therapy, MRI, prosthetics and orthotics, workers compensation and an out patient surgery center. #
